POLICY

The University does not permit employees to supervise or to participate in employment decisions (including hiring/appointment decisions) affecting family members, household members, intimate partners, or state-registered domestic partners. The purpose of this policy is to minimize the potential for conflict of interest.

The University's objective is to employ qualified persons in all employment positions and to ensure merit-based supervision. This policy is not to be read to justify hiring decisions that violate the University's policy against discrimination (*Executive Policy Manual* EP15), but rather to ensure that hiring and supervision by family members, household members, intimate partners, and state-registered domestic partners does not occur, except in the very limited circumstances described in this section (*BPPM* 60.14).

Definitions

Family Member

Family members are defined as the employee's parent, spouse, child, grandparent, grandchild, sister, brother, stepbrother, stepsister, brother-in-law, sister-in-law, mother-in-law, father-in-law, son-in-law, daughter-in-law, stepchild, and stepparent.

Household Member

Household members are defined as persons who reside in the same home who have reciprocal duties to and do provide financial and/or emotional support for one another. This term includes, but is not limited to, foster children and legal wards. The term does not include persons sharing the same general house when the living style is primarily that of a dormitory or commune and the relationship between the prospective or actual superior/subordinate is not an intimate one.

Intimate Partner

An intimate partner is a person with whom an employee is having a current romantic and/or sexual relationship.

Faculty

No faculty member, department chair, dean, or other administrative officer may vote, make recommendations, or in any other way participate in the decision of any matter that may materially affect the appointment, tenure, promotion, salary, or any other status or interest of such person's family member, household member, intimate partner, or state-registered domestic partner.

Administrative Professional, Classified Employees, and Other Nonfaculty Employees

No administrative professional employee, classified employee, or other nonfaculty employee may supervise, vote, make recommendations, or in any other way participate in the decision of any matter that may materially affect the appointment, tenure, promotion, salary, or other status or interest of such employee's family member, household member, intimate partner, or state-registered domestic partner.

EXCEPTION REQUEST REGARDING SUPERVISION

An appointing authority may request approval for employment of family members, household members, intimate partners or state-registered domestic partners in superior/subordinate relationships. This approval permits an employee to be in the direct supervisory chain above or below a family member, household member, intimate partner, or state-registered domestic partner. See *BPPM* 60.10 for information regarding appointing authority.

This approval does not permit a superior to participate in decisions affecting a family member, household member, intimate partner, or state-registered domestic partner prior to offering and filling the position.

See also EP28 regarding superior/subordinate relationships.

Procedure

The appointing authority prepares a request memorandum including the following:

- The type of appointment, salary, title, working relationship, and a summary of the search process used to select the candidate.
- A description of the administrative process for supervision of the subordinate.
- The name, title and contact information of a designated third party within the department who will be involved with employment impacting decisions, e.g., decisions regarding annual review, salary, and performance.

The request memorandum is to be signed by the appointing authority and the third party designated for involvement in employment decisions.
