**Summer Session Tuition and
Services and Activities Fees Policy**

POLICY

Summer session tuition and Services and Activities (S&A) Fees are based on the preceding academic year's part-time rates.

Summer Session Tuition and Fees

The summer session tuition and S&A fees per credit hour:

- For undergraduate students, must not exceed the part-time undergraduate rate for tuition plus S&A Fee during the previous academic year for the Pullman campus;
- For graduate students, must not exceed the part-time graduate rate for tuition plus S&A Fee during the previous academic year for the Pullman campus;
- For professional students, must not exceed the part-time professional rate for tuition plus S&A Fee during the previous academic year for the particular program.

Services and Activities Fees

The S&A Fee varies by campus but does not change the per credit tuition rate. All campuses must set the same tuition rate as outlined above for undergraduate, graduate, and professional students (based on the particular program), regardless of the S&A Fee rate approved for each campus.
